CONTINUE SEARCH FOR MURDERER OF TENNESSEE MOTHER AND YOUNG SON

Observations...

By the Editor

We are being asked by the City Fathers to go as light as possible on the water supply. The extreme hot weather has increased the usage to such an extent that in the event of fire we would not have the needed supply and pressure. It is hoped that with the drilling of the new well, for which a contract will be let June 4, and which will supply the North end of the city, we will have an ample supply of water in the future. Of course, it is pretty hard to see the shrubs and the grass turn brown, but it is probably better to see this happen, than to be under the shower all soaked up and not be able to get enough water to wash the soap suds off, or to have enough water to put a fire out in your home, if one should occur there. So, let us try to conserve our water supply as much as possible for the time being. Perhaps ere long you may be able to let your sprinklers go full blast.

Undoubtedly some of the boys have been having sleepless nights and butterflies have been rampant in their stomachs, since the announcement came out that Uncle Sammie would do a little checking with a special squad to see if there has been any cheating on the income tax returns of the boys in the rackets and the officers who may have been paid off.

The Mayor and Commission Council have started a street improvement program. The program is being started on Felicite Avenue, from there to Dunbar Avenue, Boardman Avenue, and so on down the line. We understand that there will be surfacing done in each of the wards of the City. This is quite timely and will mean much to the improvement of the City of Bay St. Louis; it will be an incentive to the property owners. And while on the subject of streets, the City Commissioners should definitely look into the problem of sidewalks on the streets they are improving. And by the way, you know this improvement program is being handled on a cash basis. We think the City Fathers deserve a word of congratulation for the increase in the Tax levy and no bond issues. Just a bit of sound, conservative business management.

We know you are interested in the Teen-Age Club and certainly you would not want to see its doors closed to the boys and girls of Bay St. Louis. But this is going to happen, sure as shooting if sufficient funds are not raised for its upkeep. The teen-age club means a whole lot to the youngsters of Bay St. Louis. It is their meeting place for an evening of supervised recreation. Won't you help them keep it open? You can by just making a contribution in the drive for funds, for this splendid institution, which will begin shortly.

Arrangements are being made for the celebration of the Golden Jubilee of the ordination of the Right Reverend Monsignor Andrew J. Gmelch to the Holy Priesthood. Monsignor Gmelch was ordained a priest in St. Stephens Church, New Orleans, June 14, 1901. He came to the Diocese of Natchez and was assigned to various parishes; in 1918 he came to Bay St. Louis as Pastor. He has served here continuously since that time. The program for the occasion has not as yet been completed, but will be published when released.

NOTICE TO THE PUBLIC

We are in the midst of a very dry and warm spell. Due to this fact our water supply is dangerously low.

We are hereby asking the water consumers of the City of Bay St. Louis to help conserve our present water supply and discontinue the use of water sprinklers.

This is a very serious situation in case of fire.

The Commission Council has asked for bids to be opened on June 4, 1951 for the drilling of a new 8 inch deep water well. The drilling of this well should give us some relief.

Please cooperate with us in the present situation.

J. Lumpkin Seeks Highway Position

We are authorized to announce the candidacy of John Lumpkin for Highway Commissioner of the Southern District of Mississippi, subject to the action of the Democratic Primary Election to be held August 7, 1951.

To The White Democratic Voters Of The Southern Highway District of Mississippi:

I herewith submit to you my candidacy for the office of Highway Commissioner of Mississippi, on the basis of my qualifications, training and experience. I HAVE PAID THE PRICE OF PREPARATION FOR THIS SERVICE.

I was born and reared on a farm in Pearl River County, and attended elementary and high schools in Hancock and Pearl River Junior College in Poplarville, the University of Mississippi in Oxford, and Mississippi Southern College, then State Teachers College in Hattiesburg. My education at the University was interrupted by my service in the United States Army during World War I.

After completing my education I served as Superintendent and football coach in several Mississippi High Schools. I was later head football coach at State Teachers College from 1929 - 1933, and coached the first football team after this fine school became a member of the Southern Intercollegiate Athletic Association.

Your Highway Commissioner should be thoroughly trained and experienced in dealing with the

Kiln C. Y. O. Holds First May Festival

Miss Beverly Jean Mauffray reigned as queen of the first annual May Festival held in the Kiln school gym last Sunday. The festival, sponsored by the parish CYO, was directed by Sister Barbara Ann, M.S.S.T., moderator of the group.

Maid in the court were Misses Clair Cameron, Carolyn Curet, Billie Faye Glass, Jeannette Lacoste and Yvonne Garriga. Miss Shirley Jean Nacaise was the maid of honor.

The queen's train bearer was Johnny Nacaise; and her flower girls were Patricia Bellais, Margaret Garriga, Estelle Cuevas, Linda Joyce and Diane Elbro.

After the Grand March of the queen and her court, a program Pole dance, performed by the court was followed by two songs sung by Andy Lott and Carolyn Curet.

CYO members danced a square dance, and younger members of the group performed several acrobatic routines, ballet and tap dances. A song and dance in blackface was done by the Chattanooga Shoeshine Boy, Jason Mauffray.

The Festival was followed by a dance in which everyone participated.

During the time I served in the State Senate, I also directed a Federal Government Program in the Southern District of Mississippi, and received unlimited experience in construction work of all types, mainly road and bridge building, grading and drainage. I received invaluable experience in the different types of hard surfacing, which had to be accomplished with limited funds, this assuredly taught me economy. For this I was directly responsible to 18,000 to 25,000 people. I assumed this responsibility without "larding the buck" to anyone including heads of departments, architects, engineers, finance or others. I am a firm believer in the old saying "PROCASTINATING IS THE THIEF OF TIME".

From 1936-1943 I was Executive Secretary of the Mississippi Wholesale Grocers Association, (Continued on back page)

Issues Challenge

Last June, "Sandy" Douglass, boat designer, builder and internationally known sailor of Painesville, Ohio, issued a challenge to any boat in the United States to a "trailer to trailer" race. The boat that he would use would be his design known as the THISTLE, a 17 foot molded hull of the planning type. This class, introduced only a few years back, has grown to a little over 700 today. For regular racing, it requires a crew of three.

Accepts Challenge

Douglass' challenge was accepted by Jay Bludworth of Houston, Texas, also a boat builder and well known sailor. Bludworth's boat, one of his own design, is 22 feet long, carries a little more sail than the THISTLE and is also built of plywood. It is of the plank or keel bottom type; it also carries a crew of three for regular racing.

Started on Trailers

This race will be a novel, Commodore added in as much as it will be started when the boats are still on the trailers. Two men will have to unload the boats, rig them, then with a crew of four more, sail a six mile triangular course, return to the trailer, unrig and reload with two men again unrigging and reloading. The first boat to be reloaded will be the winner.

This is the first time that a sailboat race of this type has ever been held on the Gulf Coast, he concluded.

Attempt Jailbreak

An attempted jail break was hindered Tuesday night, May 29, by Sheriff B. D. Johnson.

D. V. Lafontaine and Harold Evans, who are serving a six months sentence for a previous attempted jail break, Sheriff Johnson said, were the participants.

They destroyed a considerable amount of property in the upstairs part of the County jail, the officer added; they also broke a number of the locks in the prison. Sheriff Johnson said he had to use an acetylene torch to enter the jail as they had destroyed the lock on the main door.

According to Sheriff Johnson, Lafontaine and Evans have been in the County jail since March, awaiting trial on robbery charges filed in the Dan Manget of Bayou LaCrosse robbery case in January.

The official was notified of the attempted break when a nearby resident heard noises coming from the direction of the prison.

—Now that your poll taxes are paid, are you sure that your registration is in order? Check now. Be positive.

We are authorized to announce the candidacy of W. E. (Bill) Andrews, Jr., for State Senator of Lamar, Pearl River and Hancock Counties, subject to the action of the Democratic Primary Election to be held August 1, 1951.

Teen-Agers Begin Drive For Funds

A drive to raise funds for the maintenance of the Bay St. Louis Youth Center will start Monday, June 4, Mrs. B. R. Nobles, director, announced this week.

Lacking Funds

The Youth Center or Teen-Age Club, which requires approximately \$1000.00 for maintenance, is sadly lacking the necessary funds to continue operations.

The Center, started several years ago to provide clean, wholesome recreation for the youth of Bay St. Louis, is an asset to the community. Without the required funds, the Center will have to be closed to the teen-age boys and girls of the city.

Be Generous

Members of the Board of Directors of the organization will approach the people of Bay St. Louis for donations to this worthy cause. Be generous. Anyone who is not connected and would like to contribute is asked to send their donation to Mrs. Nobles.

Children of the City Can Go to the Youth Center, which is open every Saturday night during school, where all recreation is supervised, and enjoy an evening playing ping pong, pool, dancing or watching television shows. Without funds, the children will be denied the pleasures provided at the Center.

Teen-age children of summer residents are invited to join the Club; the membership is \$1.00. Members are allowed to bring guests who must pay 25 cents.

HOME NURSING CLASSES START

The local American Red Cross will conduct a class in Home Nursing, starting Monday, June 4, at 1:30 p. m. at Bay High school.

The course, consisting of 12 hours in Home Care of the sick, and two hours of Civil Defense, will be held three times a week. Mrs. Bernard F. Farrelly and Mrs. Milton Phillips, Jr., who have recently completed the instruction course in Home Nursing, held in Biloxi, will teach the course.

Those wishing to enroll in the class may call Mrs. Leo Ford, Home Nursing Chairman, phone 64 or the Red Cross office, 67.

Scafide, chairman of the Authority announced.

Approximately 500 occupants of the dwelling units in the area will be enumerated. A preliminary loan of \$2880, to take care of expenses to be incurred in surveys and selection of sites, has been made.

The total of the preliminary loan authorized, \$14,000.00, will be made for surveys and planning for a low-rent housing project. To date the \$2880. loan has been made from this total.

NOTE SPECIFICATIONS The note specifies that it is not a debt of the city, the county, the state or any political subdivision, thereof, and neither the city nor the state nor any political division or subdivision thereof shall be liable hereon, nor shall it be payable out of any funds or properties other than those of the local Housing Authority.

The Housing Authority, Chairman Scafide added, will pay to the City taxes on the same proportion as other assessments prevailing in the area, if the low-rent Housing project is finally authorized and built.

Some members of the Authority are Emile Piazza, Wallace Bontemps, John Bell and E. J. Arceneaux Sr.

BAPTIST BIBLE SCHOOL CLOSSES

The Daily Vacation Bible School of the First Baptist Church closed its five day session Friday, May 25, with a picnic at the Pass Christian playground.

The closing exercises were held in the church Sunday night with Miss Maureen Austin of Montrose, Arkansas, presiding. Dr. R. L. Lee, pastor, and leader of the character building unit of the work, and W. W. Webre, superintendent of the Sunday School, were on the rostrum.

The children, from beginners through the intermediates, gave a resume of the work done in scripture and song. The American flag was carried by Vernon Bernard, the Christian flag by Tommy Hill, Patricia Bennett, carried the Bible.

The salute to the two flags and to the Bible were given; and the children sang "America," "Onward Christian Soldiers" and "Holy Bible, Book Divine."

The certificates to the beginners, primaries, juniors and intermediates were given by Mr. Webre. The teachers were Mesdames Claiborne Laigner, M. L. Hill, A. H. Gregory, J. J. Losch and Earl Ramond. W. W. Webre was superintendent of the school, Mrs. Lee, secretary, and Miss Austin, principal. Mrs. L. D. Pahlman was in charge of refreshments.

I was not born in the State of Mississippi, which was no fault of mine. In 1913 I made my choice and moved to Hancock County, and since then, I have been a citizen, resident and taxpayer of Hancock County. The records will verify this statement.

From the year of 1913 to 1936 I commuted daily and earned my money outside of Hancock County but spent it in Hancock County. I have reared my family in Hancock County and educated them at our local schools.

During January 1936, I became Chief Deputy Sheriff and Tax Collector, and fulfilled that position until December 1943. I think the taxpayers will remember the efficient service they received.

From January 1943 to the present time I have been connected with the Chancery Clerk's Office in handling the financial records of Hancock County.

At the present time, I am also the Auditor for the City of Bay St. Louis. Under the laws of 1950, all cities in Mississippi are required to employ a Competent Auditor, and to file an annual report with the State Department of Audit.

Before entering an agreement with me as City Auditor, the City Commissioner inquired of the Hon. Carl W. Craig, State Auditor, if my appointment would meet with his approval. His reply to said letter appears on the City of Bay St. Louis Minute book 7, page 18 and reads as follows:

Jackson, Mississippi October 5, 1950 Mr. J. Cyril Glover P. O. Box 310 Bay St. Louis, Mississippi Dear Mr. Glover:

In answer to letter of October 2nd referring to Francis J. Bopp I say that his appointment as (Continued on back page)

Three hours later, a nearby resident, J. V. Bech, searching for clothing of the woman after dawn broke, found the body of the boy about 100 yards away.

IN WATER The bodies were found at low tide on a section of the beach which is normally flooded at high tide. Mrs. Stewart was in 14 inches of water while her son was discovered on the shore.

Sheriff Quave said the murdered divorcee had been severely beaten about the head. An autopsy showed she had multiple skull fractures and numerous bruises about the head and face. She appeared also to have been slashed across the forehead with a knife, he added.

"LIKE AN EGGSHELL" Howard Stewart, he said, had been "hit at least 20 times in the head with a blunt, heavy instrument. His skull was crushed like an eggshell," he added.

Later in the day, Homer C. Gray, Jr., who resides in a house located beneath the Pass Christian viaduct, found a partially destroyed bundle of clothing tied with a rope in a canal near his home.

SIGNS OF STRUGGLE The clothing, part of which was identified as a woman's undershirt, bore stains which resembled blood. An attempt had been made to burn the articles. Gray told the deputy sheriffs that he had also noted what appeared to be signs of a struggle on the canal where he found partially-smoked cigarettes and shoe prints of a small child.

A couple, answering to the description of Mrs. Stewart and her son, were picked up Thursday hitchhiking on the road to New Orleans by 65-year-old John Manning and spent the next two days at his fishing camp near Sildell, Louisiana, Manning told police.

PUT ON BUS He said he put the woman and boy on the bus Saturday at Sildell after buying tickets to Gulfport for which he was to be reimbursed by the murdered woman.

Manning said Mrs. Stewart gave him a slip of paper with her name and address and that of the child on it. The names and addresses as he gave the New Orleans police were, Mrs. Estrella Gato, St. Louis, Missouri; and Mrs. Estrella Stewart, Knoxville, Tennessee, for herself, and Howard Stewart, Knoxville, Tennessee, for the child.

Better To Build Than To Mend

Are you interested in the boys and girls of Bay St. Louis?

We are certain you are. So much so that you would probably exert every effort to see them reared in an atmosphere which would make them outstanding men and women. Environment while away from the home has a great bearing on the life of a child, particularly when he has reached the teen-ages. In and around Bay St. Louis there are many night spots where the youngsters may spend their leisure hours; but these are not very wholesome surroundings for the teen-age boys and girls to seek in order to have a few hours of recreation and pleasure.

Some of the men and women of Bay St. Louis, some time back, saw the need of a supervised recreational center where the boys and girls of Bay St. Louis could meet and enjoy an evening of pleasure. With this thought rose the Teen-Age club, one of the greatest assets we have in the community. In the minds of many of us, we are frank to say, its purposes have been forgotten; and it is merely a building with a neon sign on the front and some recreational facilities within.

We have lost sight of the fact that in order to function, it must be financed. Many of us are not conscious of its needs, nor are we keeping ourselves conscious of the need of the institution. To keep the doors of the Teen-Age club open will cost about \$1,000 per year. This would mean a pro-rata contribution of approximately 20 cents per person in Bay St. Louis. Would you have contributed this much for the use of a Teen-Age club when you were a youngster? We think you would have, and we think you will contribute for the up-keep of the Teen-Age club of Bay St. Louis in the drive for funds which will be started in the next few days. It is a question of either raising some money for the operation of the club or closing the doors.

You are going to be the judge of which you would rather have the boys and girls of Bay St. Louis do—visit the night spots for recreation and pleasure or meet in their Teen-Age club where they will have clean, wholesome supervised recreation.

Of course, many of us will say that there are too many requests for contributions from various sources, but we should realize that there is no better investment than in the future of our boys and girls. Be as generous as you possibly can; we cannot think of any contribution you could make which will bring you more pleasure and satisfaction.

We cannot think of the teen-agers, but what it brings to mind the words of Horace Heidt at the conclusion of his radio programs: "It is better to build boys than to mend men."

How true; and remember you, too, with your contribution to the Teen-Age club will be helping to build boys and girls.

A Sound Dollar

As ours becomes something of a Warfare State, spokesmen for the Federal Government scare the living lights out of us with warnings over the threat of inflation. The people are urged to economize, buy savings bonds and hoard their money—to keep their cash out of circulation.

What with mobilizers, stabilizers and coordinators, there is more or less confusion, and also some loose thinking. Among other schemes to check inflation, it is claimed that higher taxes may prevent it. This is on the theory that government siphons off the individual's money and removes the temptation to spend it. In other words, Uncle Sam, being more frugal than his nieces and nephews, can be trusted to keep our wages out of circulation.

But Uncle Sam is our worst spendthrift. Through his extravagances he has already inflated the dollar until its purchasing value has shrunk to about one half in 18 years. The government's refusal to live within its means, pay its debts, balance its budget and cut out the luxuries, has reduced the value of every insurance policy and savings bond owned by the citizen.

A Savings Bond bought for \$75 in 1941 is now worth \$100, but \$100 will buy less now than \$75 bought in 1941. A loose fiscal policy and an increase in currency in circulation has already fed the fires of inflation.

So we are in a vicious circle. The more money government spends the higher the taxes, and the higher the taxes the more money the government has to spend. The best hedge against inflation, is frugality, frugality by the people and by the government. Nothing would so sober the nation, stabilize the dollar and encourage the producer to work and save like a war on federal waste. Government should set the good example.

You can't keep the dollar sound by raising taxes, squandering the people's substance and going in debt. A sound dollar is the result of a sound economy. Neither the individual nor the government can thrive on waste.

In war, peace, or in preparing for the national defense, economy is a good thing. The graveyard of history is full of nations that taxed themselves to death. These are the times to be realistic, to work a little harder, spend a little less and save a little more.

Royal Haggerty Honored At Party

Miss Patsy Mathes was hostess in the home of her parents, Mr. and Mrs. Bish Mathes, at a surprise birthday party honoring Royal Haggerty.

Dinner guests included Royal, Donald Manuel, Joan Benigno, Martha Stewart, Harold DeMetz, Linda DeMetz, J. D. Mollere, and Col. and Mrs. Roy Haggerty.

The Haggertys also celebrated their wedding anniversary on that date.

Unusual rhymes were composed along a treasure hunt theme and Royal had to use the rhymes as directions to find his birthday gifts, which were hidden.

Music and games were enjoyed by the group.

The decorations were carried out in a bronze and yellow color scheme and unique place cards made of pictures cut from magazines and books depicting hobbies and characteristics of the guests were used, with the guests seeking their identifying place cards.

After the dinner party the group attended the softball game.

Mr. and Mrs. Charles Wesson and their two children are house guests of Mrs. Wesson's parents, Mr. and Mrs. Frank Wittmann, Sr., East Second street.

The Wessons are presently living in Texas, where Mr. Wesson is stationed at an air force base. Mrs. Wesson will be remembered as Miss Sis Wittmann.

Home on vacation from nurses training at Mercy Hospital in Vicksburg, Miss., are Misses Betty Castelan, Alene Rogers and Margaret Schmidt.

A. A. TO MEET IN THE PASS

To promote a better understanding of "Alcoholics Anonymous" and to inform the general public about one of the greatest community health problems of today, an open meeting will be held to which the public will be invited, as part of the program when alcoholic anonymous holds its Mississippi State Convention at Pass Christian June 1, 2, and 3.

Camp Kittiwake will serve as conversion headquarters, but the open meeting is scheduled to be held at the Gulfport High school at three o'clock, Sunday afternoon, June 3.

Alcoholics Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may save their common problem and help others to recover from alcoholism.

The only requirement for membership is an honest desire to stop drinking. AA has no dues or fees. It is not allied with any sect, denomination, politics, organization, or institution; does not wish to engage in any controversy, neither endorses nor opposes any causes. The primary purpose is to help alcoholics achieve sobriety.

A. A. was founded in 1935 and Mississippi will have the honor of having one of the co-founders of the group attend the state convention. Also present at the meeting will be two outstanding speakers from New York.

A. A. bases its work on the knowledge that alcoholism is a disease and that the alcoholic is a sick person; that the alcoholic can be helped and is worth helping.

Until recently alcoholics were people to be reproached, or perhaps to be made fun of; their troubles were laid to a weak will or bad morals. Enlightened doctors

now know, however, that an alcoholic is a sick person, as truly sick as a person who has diabetes or tuberculosis, and they now know that many, if not most, of them can be rehabilitated.

Continued interest and friendly support of the general public is needed for AA to effect the greatest amount of good. Community leaders are particularly invited to attend this open meeting, because it is felt that they gain a better understanding of alcoholism as the serious disease that it truly is as the fourth greatest disease killer in the United States. Then they can assist the organization to accomplish more by reaching more persons.

Other parts of the program planned for the week end include the Friday night meeting of the association at Kittiwake, a non-Alcoholics Anonymous meeting Sunday morning from nine till ten for the wives and husbands of alcoholics and a barbecue for the A. A. and their guests Saturday afternoon at Kittiwake.

HONORED AT SURPRISE SHOWER

A surprise "household shower" was given Tuesday evening honoring Mrs. E. B. Hodgins, Jr., with Miss Anna Louise Vaccaro and Mrs. Walter Deckert, co-hostesses.

The shower was held in the home of Mrs. G. R. O'Brien, mother of the bride.

Mrs. Deckert presented the honoree with a white corsage upon her arrival, and a table laden with gifts was brought to the center of the room. Mrs. Hodgins opened the many gifts and displayed them to the guests present, after which, games were played with prizes being won by Misses Mary Greco, Elaine Bourdin and Catherine Purchner.

Miss Vaccaro made a presentation of a miniature rolling pin adorned with bright red ribbons to the bride, who has each guest at the shower autograph the pin as a keepsake.

A beautifully decorated three tiered wedding cake centered the serving table, and following the bride's cutting of the first piece of cake, refreshments were served by the hostesses and Mrs. Glen Parker and Miss Chuta Garriga.

Guests attending the party, included Misses Elaine Bourdin, Beth Spence, Catherine Purchner, Drucilla Courtney, Mary Greco, Clair Knost and Chuta Garriga and Mesdames William F. McDonald, Sr., Travis Begue, Julia Everett, Glen Parker, Dale Stacks, David H. Wainwright, Jesse Burdine and O'Brien.

Mrs. Joseph F. Hayden and her children, Joey, Cindy and Dianne, spent the past week visiting her parents, Mr. and Mrs. John B. Smith, in their home in Poplarville.

ANDREWS
(Continued from front page)

electors of the 40th State Senatorial District.

I am grateful to the people of Lamar County for the endorsement I received when I was elected Representative four years ago.

Honor bound by a gentleman's agreement existing over the history of years between Lamar, Pearl River and Hancock Counties, I offer myself and services as a candidate for the State Senate, (sincerely believing that Lamar County should offer to this district an experienced Legislator in the Senate race).

I have served as a member of the House of Representatives during this four year term, serving on the following committees: Agriculture, Conservation of Minerals and Natural Resources, Forestry, Judiciary, Roads, Ferries, and Bridges; University and Colleges.

I have always supported legislation beneficial to the development of our agriculture and industry. I believe that Mississippi resources should be developed and utilized for Mississippians, and that our oil should be refined in the state and our gas utilized for development of Mississippi industries for the employment of our people. I always have and always will support the furthering of our progressive movement of agriculture in South Mississippi.

I have at all times supported constructive and progressive legislation and increased appropriations for the benefit of our people.

Some of the measures that I have supported are as follows: increased appropriations for our common schools, teacher retirement, Jr. Colleges, Universities and Colleges, especially Mississippi Southern College, assistance to old age, aid to the needy blind, dependent children, medical College, charity hospitals, rural roads, veterans legislation and aid to our municipalities and counties.

I am in favor of the State assuming the obligation and payment of the principal and interest on the Bonds which will be issued for the building of the toll bridge over the Bay of St. Louis, connecting Hancock and Harrison Counties, and the complete elimination of any toll charges thereon.

As a soldier and a public official, I have fought for the preservation of local self government and believe in the Jeffersonian principles of our American Democracy. I shall not betray the trust placed in me by the soldier in uniform, veterans, and citizens and I shall always conduct myself in an honorable, Christian, and sober manner so that no reflection of my character may be brought to bear on the people that I may represent.

In seeking the office of state senator I am asking the citizens of the 40th district for a promotion from the House of Representatives to the Senate so that I may utilize my legislative experience gained as a representative.

I invite each and every citizen of the 40th State Senatorial District to examine my qualifications as to character, education, legislative experience, and legislative record, and I earnestly solicit your vote, support and influence.

Respectfully submitted,
W. E. (BILL) ANDREWS, JR.

covering the entire 82 counties of the State, this giving me a definite insight to the primary road system. I resigned this position to make the race for Lieutenant Governor.

During the period 1945-1946 I was employed by the U. S. Department of Commerce as State Supervisor of Agricultural, roads and home appliance Survey for post war planning purposes. This work, too, placed me in a position to get a thorough knowledge of road conditions in the entire 82 counties. There were 7 district offices, employing 2500-3000 people, directly under my supervision. My rating with this Department can be found at the Bureau of the Census Department of Commerce, Washington, D. C. According to the Director of the Census, Mississippi's rating was at the top.

At the conclusion of the above program I was employed by the National and State Motor Transport Associations, which again carried me into all 82 counties over the highway system.

I was called upon by the late Senator Theo. G. Bilbo to go to Washington, D. C. to take over his office as Executive Secretary; after one year I was made his Administrative Assistant and remained with him until his death.

Any person, firm or corporation that I have been connected with, or employed by will give you my attainments while in their employ.

My pledge to the people of Mississippi is that I will be fair to all, as I have been in the past, and that I will oppose any increase in gas tax or any other tax increase for road purposes.

CONCLUSION

John Lumpkin is free, independent, kind, courteous, considerate and approachable at all times. John Lumpkin knows the highway problems and needs of Mississippians. John Lumpkin will serve the needs of Mississippians and no other interests. John Lumpkin has a "gift for getting along with folks," such a gift is an invaluable quality in leadership. John Lumpkin is a humble, patient and sympathetic man and will not shut himself off from the people when he is Highway Commissioner.

No one is in a position to appreciate your assistance more than I. Please give me your support now and your vote on August 7th. The Southern Highway District is composed of 30 counties and it is physically impossible for me to see each of you, therefore, please accept this as my personal solicitation, not only for your vote, but for your valued influence. See your neighbor and remind him that a vote for John Lumpkin for Highway Commissioner will be a vote for progress in South Mississippi.

Respectfully submitted,
JOHN LUMPKIN

BOPP
(Continued from front page)

City Auditor will be entirely satisfactory with this office. In fact, this office thinks well of Mr. Bopp as an auditor.

With personal regards,
Sincerely yours,
(Signed) Carl W. Craig,
State Auditor

In fact handling of office records is the only occupation I have had during my life.

In reference to the duties of the Sheriff and Tax Collector, I will state from personal knowledge as follows:

This office collects more than \$225,000.00 each year in taxes and licenses, which is about 50% of the entire income of Hancock County.

The collections should be accurate so that each taxpayer pays the correct tax on his assessment, for the following reasons:

Very few taxpayers check their receipts to see if the descriptions of the property is correct and also the amount of tax.

In some cases property tax has not been collected for, and when it was discovered, the property has accumulated unnecessary expenses or may have sold for unpaid taxes.

When the tax settlements are made into the depository, care should be taken to see that the proper fund receives the correct amount, otherwise the various budgets of the County and Schools can not be carried out.

If I am elected there will be a system to collect taxes so that the taxpayer will not waste time in paying their taxes.

As I am an independent candidate, you can be assured that I will not be controlled by any one, but at all times I will be willing to assist in anything that will help the people of Hancock County.

After considering the foregoing facts, and if in your opinion, you think that I am qualified and vote for me, I assure you with the help of God, I will do my best for a successful administration, so that all our folks of Hancock County will be satisfied. I am
Sincerely yours,
FRANCIS J. BOPP
Candidate for Sheriff and Tax Collector of Hancock County

MURDER

Stutteray. He said no one was with the couple and no one met them in Gulfport.

REGISTER AT HOTEL
A Gulfport hotel clerk identified the murdered couple Monday as the woman and child who registered at his hotel last Tuesday as Estrella Gates, Overland Drive, Route 1, and son. They left the next day.

A bag containing clothes for a woman and child were found in a Gulfport bus station locker Monday. The attendant said the bag was checked in last Wednesday. According to testimony given by Manning Mrs. Stewart was going to Gulfport from Slidell to get her clothing and return to her home.

Manning was also quoted as saying she had come to Gulfport to kill herself and child.

Sheriff Quave stated that an intensive search had failed to turn up the murder weapon.

According to testimony given by Charles Armetta, Mrs. Stewart and Howard, who physicians said had been dead approximately 12 hours when found, left Knoxville, where she worked for Standard Knitting Mills, May 15 to take her son to Chattanooga "to see the mountains." She had \$200 on her person.

RECEIVED LETTER

The family received a letter from her postmarked May 20 at 5:00 p. m. from Birmingham, Alabama, he recalled. In the letter, he said, she appeared "unhappy" and said the next time the family heard from her she might be dead.

Knoxville, Tennessee, police Wednesday were holding a suspect for questioning in connection with the slaying. The man, who had been dating the divorcee, was not under arrest. Sheriff Quave said no other suspects were being held.

**McConnell - Soule
Nuptials Held**

A wedding claiming interest here was that of Miss Mary Brooks Soule, daughter of Mr. and Mrs. George Soule of New Orleans, and James Logan McConnell of Waveland and New Orleans.

The wedding was solemnized Thursday evening, May 24, at Christ Church Cathedral, New Orleans, at 8 o'clock. Rev. Albert R. Stuart, dean of the Cathedral, officiated.

The bride given in marriage by her father, wore a gown of summery white, organdy fashioned in princess style in the front with graduating pleated ruffles of the material extending from the waistline in the back into a long train. The tight fitting bodice, made with a V shaped neckline, had a berth of Rose Point lace which also formed short cap sleeves. Her finger-tip-length veil of illusion was held in place with orange blossoms and lilies of the valley. She carried a spray bouquet of lilies of the valley and stephanotis.

The matron of honor to the bride was her sister-in-law, Mrs. Evan Ragland Soule; her other attendants were Mrs. Donald Piquet Miller, Mrs. Thomas Cosgrove Creagan, Misses Marie Louise Tremoulet and Margaret Lee Lemle. They wore sheer dresses of shaded lilac color fashioned with shirred bodices and bouffant skirts made floor length. Trimming the bodices and forming boat shaped necklines were three bands of material each in a different shade of lavender ranging from light to a deeper color. With their dresses they wore short matching face veils and carried cascade bouquets of lilies.

Mr. McConnell had his father as his best man and as groomsmen and ushers William P. Richardson Jr., Evan Ragland Soule, a brother of the bride, Kenneth Thompson of Waveland, Warren Farris, James Van O'Gwin of Gulfport and the bridegroom's cousin, Dr. Samuel Logan Jr.

Immediately following the ceremony there was a reception at the Carondelet street home of Mr. and Mrs. Soule. The reception rooms were decorated with a profusion of peonies, stock, gladioli, and evergreens and entering the balustrade to the stairway in the reception hall were garlands of southern smilax.

Mrs. Soule was receiving her guests in a Wedgewood-blue crepe and lace gown with which she wore stephanotis. Assisting her in receiving was Mrs. McConnell, the bridegroom's mother, who chose for the wedding a coffee colored crepe and lace model worn with a corsage bouquet of yellow-orchids.

Later in the evening Mr. and Mrs. McConnell left on a wedding trip. The bride wore for her going away outfit a navy blue silk shantung ensemble having natural shantung collar and cuffs. With her costume she wore a natural shantung cloche and a corsage bouquet of white spray orchids. Upon their return, the young couple will make their home on Prytanis street, New Orleans.

The bride is a graduate of the Louise McGehee school and of Newcomb college where she was a member of the Chi Omega Society. She reigned as Queen of the 1950 Carnival, consort to Rex and was in the court of several other balls, among which were Prophets of Persia and Athenians.

Mr. McConnell is a graduate of Tulane university and is a member of the Delta Kappa Epsilon social Fraternity and Sigma Gamma Epsilon geological honorary fraternity. During World War II he served as a lieutenant (jg) in the United States Navy.

Webre, Gregory
Attend M E C Meet

Plans for business and professional leaders from this area to actively participate in the Mississippi Economic Council's program during the coming year were made at a "work shop" meeting held in Gulfport Tuesday.

The meeting was one of a series of 13 being held throughout the state to give MEC county chairmen, vice-chairmen and area director the opportunity of discussing plans to help carry out the MEC's program "designed to give business and professional leadership a definite voice in guiding Mississippi's progress."

"The MEC has a definite program it will follow during the year, and its success depends upon the support at the grass roots," C. N. Elzey of Biloxi, who presided at the meeting said.

"The program, among other things, includes action in municipal finance and administration, social welfare, state legislation, National Affairs, education and conservation. Business leadership which has a big stake in public affairs must shoulder its responsibility by expressing itself on matters which affect our social, civic and economic welfare."

M. B. Swartz, general manager of the MEC, and Henry Maddox, member of the staff, explained the detailed program to the group.

Others attending were: Fred Moore and Gene Nestler of Picayune; W. W. Webre and A. H. Gregory of Bay St. Louis; Donald S. Shepherd of Gulfport; James B. Ezell, J. I. Ford, and W. Ed Wiggins of Pascagoula; and A. F. Chisholm, MEC past-president, of Laurel.

News has just reached us that our team, composed of John and Louis Koerner and Arthur Wynne, Jr., tied with the team from St. Andrews Bay Yacht Club to win the regatta at the Buccaneer Yacht Club in Mobile this weekend, with a total of 22 points for each team.

Quite a few races were held at BWYC this past weekend, including the first lightning races of the year. The following were the winners of the various races:

Larry Scharf won the Junior Skipper race held Saturday afternoon. Mrs. Hubert Cowand won the Skipperette race Saturday afternoon. Cliff Prados won the Lightning race Saturday afternoon sailing his own Dixie Doodle with H. A. Thompson, Jr., coming second; and Hubert Cowand won the afternoon Expert race.

The Cowands' really had a field day this weekend, with Glen Cowand winning Sunday morning's Expert Skipper race... Kenneth Sadler won the afternoon's Class "A" Skipper race, with Red Hamilton, running a close second.

The Lightning Race was won by James Edward, sailing Marlon Christ's new "Nip 'N Tuck." This was the second race in which this boat has been entered.

The Women's Auxiliary is having a smorgasbord this Wednesday night. A delicious menu has been planned, and we know that our members and their friends are "in" for a real treat.

Work has started on enlarging the harbor and the pier space and in the next day or two we will begin having the Club painted. The Flag Room has already been moved to larger quarters and everyone seems to think it is a wonderful improvement. Why don't you come out to the Club and see for yourself?

Beginning in June, the Woman's Auxiliary will sponsor a canasta and duplicate bridge tournament every second Wednesday in the month, and Card Days, with lunch are being held every Wednesday afternoon.

IT HAPPENS EVERY DAY IN MISSISSIPPI

"Telephone Jim to Pick 'em up!"

Without a last-minute reminder by telephone, there may be many a slip between last week's instructions and today's performance.

Yes, the rural telephone saves many a disappointment . . . it brings markets closer, enables

Mr. and Mrs. Farmer to be better posted on conditions and prices, so they may sell their farm products and purchase their farm needs most advantageously. The daily contacts the rural telephone enables one to make, broaden and enrich farm life.

Filling the need for more rural telephones is one of our most important functions. Here in Mississippi, Southern Bell is beginning the sixth year of the greatest rural construction program of our 65 years in the State—a program on which we have spent 7½ million dollars in five years.

When we began that program in the fall of 1945, we had 8,335 rural subscribers in Mississippi; today we have 4½ times as many, or approximately 38 thousand . . . More than 100 new rural projects are planned for the State this year, and these will be carried out as fast as our financial and physical resources permit!

HOME AGENT'S NOTES

TRY THIS FLAPPER SALAD

By MISS MADGE ALLRED

With many schools closed and others soon to be, many more of you mothers are preparing noon-day meals to appeal to the children as well as the grown-ups. One of these days when you are in the mood to try something "a little different", why not try making a Flapper Salad.

To make it, turn a canned pear half upside down on a lettuce leaf. Make eyes of cloves, eyebrows of chocolate, hair of grated cheese, mouth of cherries, neck of mayonnaise and use a small lighted candle stuck in the mouth for a cigarette.

This makes a pretty and unusual salad. Your friends might think it clever, as well as good, as a party salad. If you happen not to have one of the named ingredients in the pantry, look around you can probably find a substitute that would be as colorful and tasty.

PRINTING FROM FEED BAGS
You've seen feed bags used to make bed spreads, curtains, aprons, children's clothing and other articles. Maybe you're using them in a number of ways at your home.

If you have trouble removing the printing from the bags, here's an idea you might like to try. Grease the printing with unsalted fat, such as cooking oil, and let stand overnight. Saturate with kerosene, rub gently and boil in soapy water. Time well.

As you use kerosene, be careful of fires. Use it out in the yard or somewhere where there's no danger of fire or explosion. And be sure to keep it out of reach and away from the children.

TIN FOR CANNING
You made your canning budget to meet your family's needs early in the year. You're probably one of the many who are planting and working a garden to help fill this budget through canning, freezing, and storing in other ways, and to compete with high food prices.

And canning helps to mind the question of canning supplies for this season in view of the stepped up defense program. You and other homemakers will not want foods to go to waste this year.

The National Production Authority has provided that adequate supplies of cans and of metal closures for glass jars will be available. This is true for commercial canners as well as for home, community, school lunch and institutional canning.

VEGETABLES IN EVERY MEAL

Green, gold, red and cream white - whatever their hue, vegetables from your garden will give a wider range of foods

choose from in planning menus. Many of them are rich with vitamins and minerals, too. Raw vegetables, such as carrots, lettuce, celery and cabbage, should be included in your family's diet every day.

The skill of a good cook lies in cooking vegetables to retain these valuable nutrients. First, trim sparingly such greens as cabbage or head lettuce. Dark outer leaves are rich in iron, calcium and vitamins.

Cook potatoes in their skins to start such dishes as hash-browned potatoes or potato salad. Jacks keep nutrients in. Cook vegetables quickly and serve hot. The longer vegetables are exposed to heat and air, the more vitamin C they lose.

Use as little cooking water as possible and save the liquids. These and liquids from canned vegetables contain vitamin C, the B vitamins, and iron which escape into the water. Use any left over liquids to flavor soups and gravies.

Weekly News Letter

by W. F. Bond, Commissioner Department Public Welfare

Anyone not satisfied with the action of the county welfare agent and county welfare board of five members, one from each beat of the county, in passing on applications for assistance has the right of appeal to the State Welfare Board which meets regularly at Jackson to consider appeals and other matters for which it is responsible.

When an appeal is made someone is sent to the county from the State Welfare office to hold a hearing and to make an investigation. This hearing is held at the county welfare office unless the one making the appeal is not able to come to the office in which case it is held at the home of the one asking for the investigation. At these hearings every interested person has the right to be heard. All testimony is taken down in shorthand so that a complete record of the whole matter may be presented to the State Welfare Board.

In the case of appeals by an applicant for old age assistance, it is suggested that the sons and daughters come to the hearing with their parents if at all possible. These appeals are on the same principle as an appeal from a decision of a lower court to a higher court for final action.

Dr. J. Henry Larose Addresses SSC Graduates Sunday, May 27

"Our lives are what our thoughts make them," Dr. Henry J. Larose, member of the class of 1928, told the graduating class of Stanislaus Sunday, May 27, at the ninety-seventh annual commencement exercises.

"Happiness," Dr. Larose said, "is love, pride in accomplishments, friendship, memories, work and gratitude." All of these the speaker added, make happiness for the individual.

"The world is not cruel if you want to fight and do what you can to take your place," the speaker continued. "The important thing is not to capitalize on your gains, but to profit by your losses. That takes intelligence," he added.

Dr. Larose, quoting a part of the salutatory address given by Miss Jeanne Turpen at the commencement exercises of St. Joseph Academy Saturday night, concluded, "Happiness is not a thing to be sought, but a thing to be found. It is a little happiness and plant good deeds; then see what a harvest of happiness will be returned to you."

The band gave two selections before the processional - "March of the Free People," by Darcy, and "The Glass Slipper," overture by Yoder. For the processional of the Class of 1951, the band played "Pomp and Chivalry."

Fernando Betanzos delivered the salutatory, and Monsignor A. J. Cmelch presented diplomas to members of the largest class to graduate in the history of St. Stanislaus. Grant Gearheard delivered the valedictory.

The gold scholarship medal, awarded to the boy in the senior class who has maintained the highest average throughout the four years of high school, was given to Arthur Grant Gearheard with an average of 94.6. James S. Holmes was given honorable mention with an average of 94.5. In the junior class, this medal was won by Estorge Sibille with an average of 93.3; Paul Hurley, with an average of 92.4, was given honorable mention.

The medal for the band student who has been outstanding in music, service to the organization and devotion to duty was awarded to James T. Williams.

The character cup, awarded to the student who typifies the ideal St. Stanislaus boy, was presented to Fernando Betanzos in the boarding department, with honorable mention to Miguel Gasteazoro. Among the day students John Battalora received the cup, and Ben F. Hille Jr., honorable mention.

Brother Alexis, S. C., president, introduced the guest speaker, Philip L. COUNTY AGENT'S NOTES

Learn To Control Livestock Insects

By HOWARD SIMMONS

CONTROL LIVESTOCK INSECTS

HORN FLIES — cost a beef animal one-half pound a day. They cost dairy farmers one and a half to two pounds of milk from each dairy animal a day.

A one-half percent spray of either DDT, toxaphene or methoxychlor will give control of horn flies for three to four weeks. On dairy cattle, use only methoxychlor. Mix four pounds of 50 percent methoxychlor wettable powder to each 50 gallons of water.

DDT or toxaphene will do for beef cattle and dry dairy cattle. DDT — mix four pounds of 50 percent DDT wettable powder to 50 gallons water. Toxaphene — mix one quart of eight pound to the gallon toxaphene to 50 gallons water.

DO NOT USE too heavy an application of organic insecticide on animals less than five months old. Be sure to follow recommended dilution rates. Young animals should not be confined in close quarters where the spray materials have been freshly applied to bedding, walls or troughs.

Observe these precautions especially when using benzene hexachloride, lindane, chlordane or toxaphene. When spraying with low pressure sprayers, add two tablespoons of soap powder to each three gallons of diluted spray for better results. The soap enables the spray to penetrate the hair more easily.

The addition of a sticker to live-stock spray insecticides will usually increase the effectiveness of insect control on livestock parasites, especially horn flies, ticks,

and horse flies.

DAIRY TIPS

Two tons of hay or one ton of hay and three tons of silage are needed for each mature cow during next winter. For the larger breeds much more is needed.

Plan now to have the necessary roughage on hand.

Plant one-half acre or more to the cow in supplemental grazing crops for late summer and early fall.

Begin now to control livestock parasites. Killing the first flies to appear is important, as flies multiply at astonishingly rapid rates.

Cleanliness in the dairy barn is doubly important during hot weather. As bacteria multiply much faster during hot weather it is necessary that strict cleanliness be practiced.

Keep young calves out of the hot mid-day sun. Do not allow the calf to graze too much until he is four to six months old.

SUMMER POULTRY MANAGEMENT

Adequate ventilation is necessary during the summer. More water is necessary. A good idea is to hand feed some tender leafy vegetables to the birds.

Replacement pullets out on range must have shelter from the sun and a refuge from rain.

Range shelters should be movable so that they can be moved to a new spot every two weeks. Provide a cover for range feeders.

Most important of all out on the range is that plenty of cool fresh water be provided. Do not allow the water to get hot. Shades over the feeders and waterers help keep the birds comfortable.

DEADLINE EXTENDED FOR OPS REPORTS

OPS announced Wednesday there would be an extension until July 2 of the deadline for filing reports under the general manufacturers order (CPR 22), the machinery manufacturers order (CPR 30), and the textile manufacturers order (CPR 37). It was emphasized that no further extension would be considered on these three orders and manufacturers covered by the orders are requested to submit reports to OPS as quickly as possible so that they might be able to start pricing under the new regulations.

The extension order provides that manufacturers who have filed reports under any of the orders have the option to start using new ceilings May 28. No price increase can be put into effect until 15 days after filing with OPS.

Mississippi manufacturers are urged to contact the District OPS office in Jackson for aid in complying with or interpreting the price regulations.

NEW HEADQUARTERS FOR OPS

The Mississippi Office of Price Stabilization will move to a new location in Jackson to accommodate an office staff that will total about 114 employees. The state OPS office, presently located in the Clancy Building on West Capitol Street, will move to the Field Furniture Company building, 126 E. Amite Street, by June 15. Additional divisions to be announced soon include District Counsel, Accounting Division and enlarged Enforcement and Price Divisions. The Jackson OPS office serves the whole State of Mississippi and is under the supervision of the Atlanta OPS Regional Office.

NEW BEEF PRICES MUST BE POSTED

Retail ceiling prices on beef must be posted in all non-Kosher establishments by Monday, June 4. OPS ceiling price regulations also require that retailers display their selling prices for each grade and cut of beef on or near the products. Consumers may check the selling or offering prices against

the posted ceiling prices. Retail ceiling prices on beef now in effect will be reduced on August 1 and again on October 1 to bring prices back more in line with pre-Korean levels.

FEED REGULATIONS

Retailers and wholesalers of mixed feeds who do not themselves manufacture the feed they sell are not required to file base period ceiling prices with the OPS under Supplementary Regulation 7. Only those who manufacture the mixed feeds are required to file. Wholesalers and retailers of feeds bought from others may increase their ceiling prices by the same dollar-and-cents amount by which the suppliers increased their prices to the dealers. Any Mississippi feed dealer with a special problem in regard to price regulations should contact the District OPS office in Jackson.

COMMERCIAL AND PERSONAL SERVICE

Ceiling Price Regulation 34, effective May 16, covers most commercial and personal service establishments. This regulation, in general, establishes the ceiling price of most services as the highest price charged for each particular service during the period from December 19, 1950 to January 25, 1951. The new price regulation will benefit the public by making prices clearly visible in every retail service establishment. Places of business covered by the regulation are required to post their ceiling prices by June 16.

Among the services controlled by this regulation are: repair shops; barber and beauty shops; cleaning and laundry establishments; photography; plumbing; radio repairs; shoe repairing; storage; taxi cabs; tire recapping and repairs; watch repairing and water well drilling. Many other services are likewise governed by the order.

Among services exempted from price control are: prices or rentals for real estate; rates or fees charged by lawyers, doctors, dentists, and architects; rates charged by newspapers, radio and television stations; theatre operators and outdoor advertising facilities; rates charged by common carriers or other public utilities; hospital charges; fees charged by schools for educational services; fees for

oil and gas well operations; fees charged by summer camps and certain fees regulated by the U. S. Department of Agriculture.

The OPS District Office is endeavoring to mail copies of the regulation, together with an explanatory bulletin, to all persons affected in Mississippi.

Business people in Mississippi needing copies of OPS ceiling price regulations should contact the District Office, 405½ West Capitol Street, telephone 2-5551, Jackson, Mississippi.
